In Memory of Mr Tony Eason

Mr Tony Eason, CBE, JP, former member of the Hike for Hospice Organising Committee died peacefully at home in the United Kingdom on 28 December 2009, aged 71. Mr Eason had made great contributions to the organisation of our annual Hike for Hospice in the 1990s which has always been the major funding source for the Society to promote the hospice movement in Hong Kong. Although he stepped down some years ago, he remained a great supporter of the event and the Society. We extend our deepest sympathy to his family in their sorrow and Mr Eason will be remembered with love and affection by us all.
